Print off this slide overview to supplement your planning.

Refer to Teacher's Notes for background information related to the lesson content and suggested Teaching and Learning Experiences in the Teacher's book or in the Teacher's material under Lesson Notes on the Lesson Home Page.

If worksheets are used in this lesson these can be printed from PDF files that are available on-line in lesson resources.

#### Slide 1 The Washing of the Feet

Use this slide as a focussing strategy to introduce the resource topic. Read the title together and invite children to share something they know about when Jesus washed the disciples' feet just before the Last Supper.

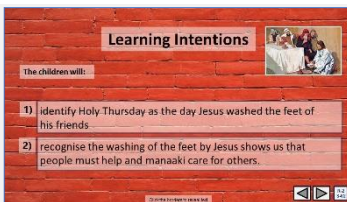

Give children an experience of washing each other's feet or hands – ask them to say how it feels to have someone do this for them.

Give children some special 'close to Jesus' time of quiet.

Look at the images on the slides and talk about them with the children.

Explain that Easter Sunday is not really in Holy Week because it is the beginning of the Easter Season. Mention that Good Friday and Easter Sunday are holidays so they learn about them before they celebrate them. Encourage the children to share what they are learning about Holy Week with their family. You may like to provide them with a copy of the parish bulletin with the times of the Easter ceremonies they could attend.

#### Slide 6 Jesus taught the disciples a special lesson when he washed their feet

Show the children where the story of the washing of the feet is in the bible.

Read the story. Ask them to imagine they were looking in the window watching Jesus washing the feet of his friends – what would they be wondering about? What was the special lesson Jesus was teaching the disciples and all the people who follow him today?

Teacher's Notes

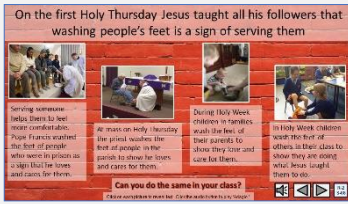

#### Slide 7 Why feet washing was important

Read the flip cards and use them to generate questions and comments from the children. Question: Would people wash people's feet today after a journey?

Why? Why not? How does your family care for others after they have travelled a long journey?

Teacher's Notes

**Slide 10 Check Up**

This formative assessment strategy will help teachers to identify how well children have achieved the Learning Intentions of the resource.

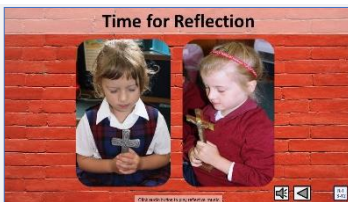

Teachers can choose how they use the slide in their range of assessment options.

A worksheet of this slide is available for children in Years 5-8 to complete.

The last two items are feed forward for the teacher.

Recording the children's responses to these items is recommended as it will enable teachers to adjust their learning strategies for future resources and target the areas that need further attention.

Teacher's Notes

**Slide 11 Time for Reflection**

The MP3 is played to help create a reflective atmosphere and bring the children to stillness and silence as the teacher invites them to plan a way they can love and care for someone they know who needs some love and kindness today.
