Date: _____

Draw a diagram and use words and symbols that show the relationship between the stories of Jesus' life, death, resurrection, ascension and the coming down of his Spirit at Pentecost.

Make a flow chart that illustrates how the Holy Spirit given to the first disciples at Pentecost has continued to empower Jesus' followers and their descendants for hundreds of year throughout the world and has been passed on to you here today in Aotearoa New Zealand.

Create a dance, movement or dramatic presentation to enable those who watch it to understand more clearly God's plan that the Holy Spirit could continue to work in the world starting with the work Jesus did down to the present day and add how it will continue into the future. Film your presentation to share in your school and your parish.

Explain how the events of Easter and Pentecost help people to understand the meaning of the events in Jesus' life that led up to them and the importance of knowing the sequence of the stories that are part of the Easter celebration and how they relate to the life of the Church today.

Which activity do you think helped you to learn best in this resource?

Questions I would like to ask about the topics in this resource are ...
